**NOTE TO: Director of Congressional Affairs**

**SUBJECT: DI Research Program for 1987**

*Dave*

Attached is the DI Research Program for 1987. It contains sections on what we think the most important security and intelligence issues will be over the next five years, the issues we will be highlighting in our research this year, and DI office research plans.

Also attached are copies for SSCI and HPSCI with covering notes. I would appreciate your ensuring these copies are delivered.

I welcome any comments you may have on the program.

Richard J. Kerr  
Deputy Director for Intelligence
